**Zoning Application (related)**

As required by Zoning Ordinance No. 430 adopted on January 18, 1989, and all subsequent Amendments.

Application is hereby made for a permit to erect or alter a structure which shall be located as shown on the attached survey/plans to use the premises for the purposes herewith. The information which follows, together with location diagram, is made part of this application by the undersigned. It is understood and agreed by this applicant that any error, misstatement or misrepresentation of material fact, either with or without intention on the part of this applicant, such as might or would operate to cause a refusal of this application, or any change in the location, size or use of structure or land made subsequent to the issuance of this permit, without approval of the Zoning Office, shall constitute sufficient ground for the revocation of this permit.

**Building Permit Application (related)**

The applicant certifies that all information on this application is correct and the work will be completed in accordance with the "approved" construction documents and PA Act 45 (Uniform Construction Code) and any additional approved building code requirements adopted by the Municipality. The property owner and applicant assumes the responsibility of locating all property lines, setback lines, easements, rights-of-way, flood areas, etc. Issuance of a permit and approval of construction documents shall not be construed as authority to violate, cancel or set aside any provisions of the codes or ordinances of the Municipality or any other governing body. The applicant certifies he/she understands all the applicable codes, ordinances and regulations.

Application for a permit shall be made by the *owner* or lessee of the building or structure, or *agent* of either, or by the *registered design professional* employed in connection with the proposed work.

**I certify that the code administrator or the code administrator’s authorized representative shall have the authority to enter areas covered by such permit at any reasonable hour to enforce the provisions of the code(s) applicable to such permit.**

**Proof of Insurance:**

Compliance with the requirements of Act 44 must be demonstrated by filing one (1) of the following three (3) documents with the application for plan examination and building permit:

1. Certificate of Insurance by your insurance carrier as proof of insurance covering the Worker’s Compensation Act, the Occupational Disease Act and the Longshore and Harbor Worker’s Compensation Act (if applicable); or (completed by all contractors)
2. Certification of Self-Insurance from the Department of Labor and Industry as proof of insurance covering the Worker’s Compensation Act, the Occupational Disease Act and the Longshore and Harbor Worker’s Compensation Act (if applicable); or (completed by all contractors)
3. A Notarized Affidavit stating that no other persons will be employed for the entire period of the work. (completed if owner is doing work)

Contractors must also supply on company letterhead or billhead their Federal or State Identification Number. Contractors must obtain proof of insurance from subcontractors before a subcontractor can be let and certificates must be furnished to the Borough of Edgeworth.

The Borough of Edgeworth must be named as a Worker’s Compensation policy certificate holder. The issuer of the policy must inform the Borough of Edgeworth within three (3) working days of any change in, or termination of, coverage.

**AFFIDAVIT**

I, \_\_\_\_\_, do solemnly swear that I will not employ / hire any other persons for the project for which I am seeking a building permit. If, after receipt of the building permit, I employ any other persons I must notify the Borough of Edgeworth and provide within three (3) working days, proof of insurance covering: the Worker’s Compensation Act, the Occupational Disease Act and the Longshore and Harbor Worker’s Compensation Act (if applicable).

I understand that failure to comply will result in the issuance of a Stop Work Order and that such order may not be lifted until proper coverage is obtained.

**BOROUGH OF EDGEWORTH  
ORDINANCE NO. 505**

**AN ORDINANCE ESTABLISHING WEIGHT LIMITS ON BOROUGH ROADS**

WHEREAS, the Borough Code at 53 P.S. § 46202(17) and the Pennsylvania Vehicle Code at 75 Pa.C.S.A. § 4902 permit certain weight restrictions to be placed on vehicles traveling on local roads in the Borough of Edgeworth (the "Borough"); and

WHEREAS, the Borough has previously enacted a weight limit on certain streets in the Borough; and

WHEREAS, the Borough, pursuant to an engineering study, has determined that weight restrictions are appropriate on additional streets in the Borough.

NOW THEREFORE, be it ordained and enacted by the Borough Council of the Borough of Edgeworth, and it is hereby ordained and enacted by the authority of the same as follows:

**Section 1.** Section 123-15.2 of the Code of the Borough of Edgeworth, entitled Vehicle Weight Limits, is hereby amended by adding the following to the restrictions in paragraph A.

<u>Name of Street</u>	<u>Location</u>	<u>Maximum Gross Weight</u>
Academy Avenue	from Woodland Road to Dead End	10 Tons
Hazel Lane	from State Route 65 to Beaver Road	5 Tons
Quaker Road	from State Route 65 to Beaver Road	10 Tons
Chestnut Road	from State Route 65 to Beaver Road	8 Tons
Chestnut Road	from Woodland Road to Borough Line	8 Tons
Edgeworth Lane	from State Route 65 to Beaver Road	5 Tons
Woodland Road	from Academy Avenue to 90& Bend	5 Tons

**Section 2.** Section 123-15.2 of the Code of the Borough of Edgeworth is amended by adding a new Section 123-15.2 A.1. following subsection A to read as follows:

123-15.2 A.1 Additional Regulations

(a) Legislative Findings

Council has determined that pursuant to an engineering study of Borough roads, and the history and effects of vehicle traffic on Borough streets, that local traffic (local deliveries and pickups) that is conducted by vehicles over the posted weight limits is likely to damage the roads listed herein.

(b) Alternatives

In order to protect the roads of the Borough, the local traffic exception (local deliveries and pickups) will not apply when the driving of overweight vehicles can be avoided. Two methods of such avoidance that drivers must utilize are: (i) using a route that is available that does not use a restricted road, and (ii) splitting an overweight load into two or more smaller, compliant loads.

(c) Notice

Notice is hereby given of the legislative findings in subsection (a). In addition, the following will apply: (i) the zoning officer and building inspection officer are directed to issue a notice to every person that applies for a zoning or building permit of this finding; (ii) the notice will also be given to the relevant property owner, if different from the permit applicant; (iii) the police will be given a copy of the notice that is given pursuant to (i) and (ii) above; and (iv) the Borough Manager or the Borough police shall give notice to any vehicle operator in accordance with PennDOT regulations.

(d) Permits

(i) If the project associated with any building or zoning permit is likely to involve overweight vehicles, the permittee and any other persons involved with the project must utilize a route to the project that is approved by the Borough Manager or Chief of Police. This requirement is in addition to any other requirements imposed by law.

(ii) Compliance with this ordinance is a condition to the issuance of any building permit or zoning permit. Any notice given in connection with said permit will also include a statement to this effect.

ORDAINED AND ENACTED into law this 19th day of September 2006.
